AND RADIATION PROTECTION

Sofia, 21 February 2012

**CONGRATULATORY MESSAGE**

**Dear Prof. SUZUKI,**

*On behalf of the National Center of Radiobiology and Radiation Protection in Sofia, Bulgaria, it is my great pleasure to deliver our great appreciation for your contribution to the collaboration with Japan Research Institute for Radiation Biology and Medicine in Hiroshima University. The credit for realization of this research and educational cooperation is largely due to your active support and advice.*

*We are happy for the opportunity to work with a distinguished scientist like you. Your merit to fundamental radiobiology and development of radiation injury medicine and effective treatment will leave a bright trail for future scientific community.*

*You remain a great friend of Bulgaria scientific community in radiation research. I hope that we could further collaborate with you particularly in the educational sector to commit achieving high quality scientists.*

*Please accept the good wishes of the National Centre of Radiobiology and Radiation Protection for many more years of good health, happy and peaceful living and always committed to the benefit of well-being of people.*

*You are looking to welcome you in Bulgaria and especially in NCRRP.*
